

As a full-service provider in technical documentation, KERN AG offers fast, transparent and evidence-based solutions that provide needs-based support to business partners where urgent assistance is required. The broad specialist knowledge of our technical writers and their many years of expertise secure and strengthen your market position.

Typical requirements in the automotive sector

- Documentation related to drawings - specific drawing frames and their parts lists
- Export and provision of special file formats
- Upload and maintenance of client portals
- Checking your documentation for completeness – folder structures and overall lists
- Creation of maintenance and service documentation
- Fast and high-quality translations for international locations
- Risk assessment according to EN 12100

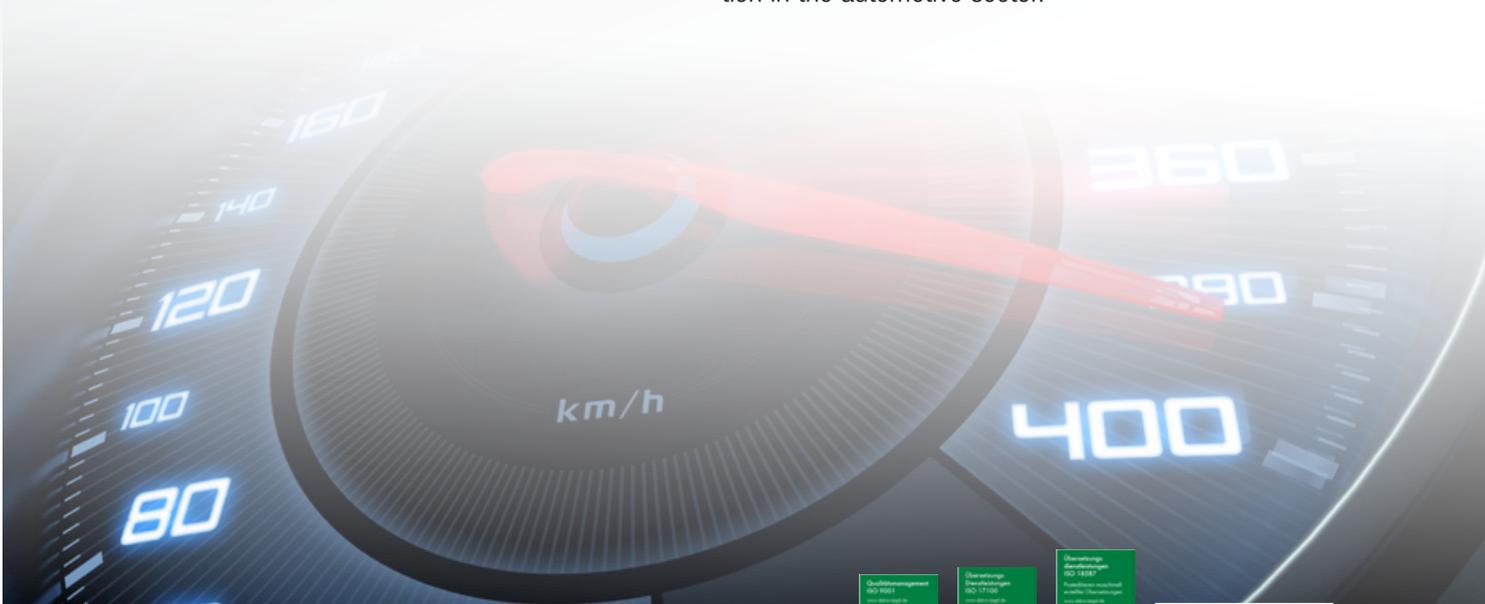

What we offer

- Check of all documents for compliance with legal regulations and relevant requirements through qualified technical writers
- Cost transparency and adherence to deadlines
- Support on-site, review of documentation created by subcontractors
- Full service - from reviewing your requirement specification all the way to translation, as a one-off service or as your go-to partner for services of this kind

The result

The result significantly depends on your needs - in any case, you will receive proper technical documentation, which has been reviewed to ensure that it complies with all your requirements. This way, your information material can be provided to your business partners on schedule. By optimising your technical documentation, KERN as your partner helps you to sustainably strengthen your corporate image. You will benefit from the services of one of the most experienced full-service providers for technical documentation in the automotive sector.
