

ENGLISH FOR TECHNICAL WRITERS

WORKSHOP

English for technical writers and their editing colleagues. It conveys the right terminology and a good knowledge of the English language, both in terms of oral and written proficiency.

- Individual guide as course material
- KERN AG certificate as proof of attendance

Within the context of technical documentation, a confident command of the English language is of great importance. Not only must the correct terminology be learned when creating documentation, but English conversation skills must also be acquired. Sound expertise and the right vocabulary for dealing with technical English are therefore essential in order to avoid misunderstandings and ensure efficient communication.

ENGLISH FOR TECHNICAL WRITERS

In this workshop, you will expand and improve your English skills in order to achieve professional and efficient communication and documentation. In addition, the fundamentals and basic structures of technical English are taught. An English level of B2 is required in order to benefit fully from the workshop.
